# Cornices

<sup>EN</sup> Create a completely new spatial effect with our cornices. They create an elegant and aesthetic transition between walls and ceilings. Cornices – many of which are for that matter suitable for the integration of direct or indirect lighting – can moreover be used to conceal unsightly transitions, cracks and smaller cables.

## *Cornici*

<sup>IT</sup> Con le nostre cornici, potete personalizzare lo stile del vostro interno, rimodulandone lo spazio. Permettono di creare una transizione elegante ed estetica tra pareti e soffitto. L'effetto varia a seconda del profilo e della posizione della cornice. Le cornici, molte delle quali sono predisposte per l'integrazione di sistemi di illuminazione diretta o indiretta, permettono inoltre di nascondere imperfezioni, fessure, cavi ed altri inestetismi.

## *Molduras de Techo*

<sup>ES</sup> Gracias a nuestras molduras de techo, puede cambiar a voluntad la atmósfera de su espacio interior. Forman una transición estética y elegante entre la pared y el techo. O efeito espacial pode variar dependendo da sanca e da montagem. As sancas, muitas das quais adequadas para a integração de iluminação direta e indireta, também permitem esconder passagens, fissuras e pequenos cabos inestéticos.

## *We take our responsibility*

<sup>EN</sup> As a family-owned company, NMC has always been aware of its responsibility for future generations. This awareness for energy efficiency, sustainability and climate protection has meant that every step in the development, production and sale of NOËL & MARQUET design elements is checked and optimised:

- Energy from our own photovoltaic system and 100% green energy.
- Our own recycling facility ensures nearly 100% recycling of waste.
- Closed water circuits minimize consumption.
- ISO 14001 certification – the international standard for environmental management systems.
